UTILITY TREE WORKER / TRIMMER CERTIFICATION

For the Professional Vegetation Managers Association

OLDS COLLEGE
Professional & Continuing Education

Utility Tree Worker / Trimmer Certification

for the Professional Vegetation Managers Association

Safety is vital to your job as a Utility Tree Worker. Register in this two week program if you work in the Vegetation Management Industry and are involved with the removal or trimming of trees near energized powerlines.

Recognized by organizations and companies in your profession, this course gives you the safety skills necessary to remove or trim trees near energized powerlines.

Curriculum is delivered one week in-class and the second week off-site with training mostly outdoors in the field.

Certification:

This program is one of the components you must complete in order to apply for Certification as a Utility Tree Worker or a Utility Tree Trimmer in Alberta.

Re-Certification:

The Professional Vegetation Managers Association, in association with the Work and Safety Standards Division of Alberta Labour requires Certified Utility Tree Trimmers and Utility Tree Workers to complete a recertification course within five years of the original course date and every five years thereafter.

* Re-Certification and Stump Treatment tutorials are offered directly through Olds College. Verification of Hours is not necessary. Please contact Olds College directly.

Location: Olds College Campus

Intakes:

Intake #1: Apr 9 - 20, 2018

Intake #2: Apr 16 - 27, 2018

Note: if both Intakes fill, a third may be opened at a later date. Please check our website: oldscollege.ca/ce

Course Fee: \$2,625.00

Note: Course fee includes course manual, refreshment breaks and parking fees. Course fee does not include the PVMA application fee for certification, which is additional. CEU's pending for ISA.

Optional Stump Treatment Pesticide Certificate Tutorial

The Stump Treatment Pesticide Certificate is required for individuals applying herbicides to stumps and is available only to those with a Utility Tree Worker or Utility Tree Trimmer Certificate. The Stump Treatment tutorial and exam are optional and offered in the evening, during the Utility Tree Worker safety course.

Location: Olds College Campus

Intakes:

Intake #1: Apr 11 - 12, 2018

Intake #2: Apr 18 - 19, 2018

Note: if both Intakes fill, a third may be opened at a later date. Please check our website: oldscollege.ca/ce

Certification Fee: \$200.00+GST

HOW TO REGISTER:

STEP 1: Ensure that you have completed the required 1,200 hours of work experience, cutting or trimming trees around energized power lines (recorded on a Verification Of Hours Worked Around Powerlines form). Provide the following:

- Completed UTW/UTT Demonstrated Proficiency Checklist (please contact the PVMA (details at bottom of page), if you require a copy of the Checklist)
- Completed Registration Form (back of this page)

Send by email to val@pvma.ca or mail to:

Professional Vegetation Manager's Association (PVMA)
P.O. Box 5468, Leduc AB T9E 6L7

STEP 2: The PVMA will review the above submissions and advise Olds College that all requirements have been met. Only at that time will Olds College process your registration and your payment. You will then receive an email, along with your payment receipt at the personal, not business, email address that you provide on your Registration Form. This is your confirmation of acceptance.

STEP 3: Prepare your student supplies. You are required to have all of the equipment listed below to fully participate in the field training component of the course. Equipment must fit properly, be in good repair and meet current standards. Each student must have a full set of climbing gear. Students are required to bring their equipment to class the first Friday of the course, for the instructors to inspect before field training.

- 100-150 feet of 1/2" industry approved climbing line (3 strand is not acceptable).
- Tree climbing belt and safety lanyard, CSA approved.
- Tree spurs, CSA approved (avail at Canadian Forestry Supplies).
- Chainsaw pants or chaps, a required minimum rating of 3600 threshold, CSA, ULC or WCB BC approved.
- Gloves – CSA approved.
- Work boots – sport/street shoes are not acceptable.
- Hard hat certified to CSA standard Z94.1-92 (Class E Industrial Headwear) with hearing protection and face shield and separate eye protection.
- Calculator with basic math functions.
- Handsaw
- Optional (if possible): topping saw (light weight) & bucking saw (20" bar).

For any questions related to verification of your hours and/or other proficiencies, please contact the PVMA. 1-877-249-1508 or val@pvma.ca
